European Banking Authority Procurement Procedure: Supply of Interim Staff - Business Analysts

EBA/2015/05/OVSREG/SER/OP

Date: 18th December 2015

No.	Question	EBA Answer
1	With reference to the above mentioned procurement procedure, we would like to know which type of contract any interim staff should be employed under. Would it be a contract for services or a Regulation 10 contract?	It is the responsibility of the tenderer to decide how to contract interim staff. EBA will not have a contract with the interim staff. The purpose of the procurement procedure is to sign a framework contract with the supplier of interim staff. Please also refer to Corrigendum No. 2.
2	Could you give an indication on the total number of analysts you would be needing at any given time?	We estimate that we will need a maximum of two interim business analysts at any given time however the actual number of interim staff will depend on our business needs.
