

Annex I: Samples of banks

List of banks that made up the sample population for Supervisory reporting, Funding Plans and the RAQ: [\[1\]](#)

[\[1\]](#) The sample of banks is regularly adjusted to take into account bank-specific developments; for example, banks that ceased activity or underwent a significant restructuring process are not considered further. Not all banks are subject to all reporting requirements (e.g. those for FINREP, funding plan data). The list of banks that are the basis for the risk indicators refers to the sample of banks used to calculate the Q4 2023 indicators. The [list of reporting institutions](#) is available on the EBA website.
