1. Executive summary

Regulation (EU) 2020/873 of the European Parliament and of the Council of 24 June 2020 amending Regulations (EU) No 575/2013 and (EU) 2019/876 as regards certain adjustments in response to the COVID-19 pandemic (CRR – Capital Requirements Regulation - ‘quick fix’) was published in the Official Journal of the EU (European Union) on 26 June 2020. The CRR quick fix is part of a series of measures taken by European institutions to mitigate the impact of the COVID-19 pandemic on institutions across the Member States. In addition to the flexibility already provided in the existing rules, the CRR quick fix introduces certain adjustments to the CRR, including temporary measures intended to enhance credit flows to companies and households, thereby supporting the EU’s economy.

In addition, the CRR quick fix introduces amendments to regulatory requirements that have an impact on the supervisory reporting framework v3.0. Many of the amendments of the CRR quick fix are reflected in the new ITS on supervisory reporting under Regulation (EU) No 575/2013 (ITS for version 3.0, EBA/ITS/2020/05) but there is a need to further amend the ITS to accommodate minor technical changes on own funds, NPE backstop and leverage ratio. The EBA is amending the published version of the reporting framework v3.0 to provide clarification and help institutions to implement the reporting requirements that are linked to the regulatory measures adopted in the context of the pandemic.

Due to the urgency of the matter, the specific focus of this revised version of these final draft ITS on supervisory reporting under Regulation (EU) No 575/2013 (EBA/ITS/2020/05 revised) on the COVID-19 pandemic-related measures, and the need to provide the credit institutions with the maximum possible time to prepare themselves for this revised version of the reporting requirements, the EBA decided not to carry out public consultations or a cost-benefit analysis in this case. The EBA has notified the Banking Stakeholder Group (BSG) of its intention to resubmit these ITS but has not requested the BSG’s advice.
2. Background and rationale

1. Regulation (EU) 2020/873 of the European Parliament and of the Council of 24 June 2020 amending Regulations (EU) No 575/2013 and (EU) 2019/876 as regards certain adjustments in response to the COVID-19 pandemic (CRR ‘quick fix’) was published in the Official Journal of the EU (OJ) on 26 June 2020. The CRR quick fix is part of a series of measures taken by European institutions to mitigate the impact of the COVID-19 pandemic on institutions across the Member States. In addition to the flexibility already provided in the existing rules, the CRR quick fix introduces certain adjustments to the CRR, including temporary measures, intended to enhance credit flows to companies and households, thereby supporting the EU’s economy.

2. The amendments to the regulatory requirements included in the quick fix have an impact on the supervisory reporting framework v3.0. Many of the amendments of the CRR quick fix were already reflected in the new ITS on supervisory reporting (version 3.0, EBA/ITS/2020/05), which was submitted to the Commission at the end of June 2020. However, there is a need to further accommodate elements introduced by the quick fix in the areas of own funds, the NPE backstop and the leverage ratio. Those amendments are explained in further detail below. They have an impact on the following Annexes to the ITS for the reporting framework v3.0:

- Annex I Own funds;
- Annex II Own funds;
- Annex X Leverage ratio;
- Annex XI Leverage ratio.

3. More details on these amendments are provided in the next section.

4. The EBA is amending the published version of the ITS for v3.0 to provide clarification and help institutions to implement reporting requirements that fully reflect the regulatory measures adopted in the context of the pandemic. With the objective of introducing the necessary additional amendments in v3.0, the EBA intends to resubmit to the EU Commission the complete ITS on v3.0, including all its annexes, with the necessary amendments in instructions and templates.
5. Due to the urgency of the matter, the specific focus of this revised version of these final draft ITS on supervisory reporting under Regulation (EU) No 575/2013 (EBA/ITS/2020/05 revised) on the COVID-19 pandemic-related measures, and the need to provide the credit institutions with the maximum possible time to prepare themselves for this revised version of the reporting requirements, the EBA decided not to carry out public consultations or a cost-benefit analysis in this case. The EBA has notified the Banking Stakeholder Group (BSG) of its intention to resubmit these ITS but has not requested the BSG’s advice.

Proposal of amendments on v3.0 due to CRR quick fix

Own funds (including NPE backstop)

6. The CRR quick fix introduces a new transitional provision regarding exposures to sovereigns in the form of debt instruments accounted for as fair value through other comprehensive income, namely it allows unrealised gains or losses related to such exposures to be removed from the CET1 (Common Equity Tier 1). At the same time, that transitional provision in Article 468 of the CRR envisages a recalculation of all requirements using deferred tax assets or specific credit risk adjustments as an input. The transitional provision will expire by the end of 2022. Two rows were added to template C 05.01 to capture the overall effect of the application of Article 468 of the CRR as well as to isolate the (net) amount of unrealised gains and losses removed from the CET1 in accordance with this article.

7. The CRR quick fix also extends the duration of the transitional provision of Article 473a of the CRR on the first time introduction of IFRS 9 until end-2024. It adds a differentiated treatment for expected credit loss provisions recognised since 1 January 2020 for financial assets that are not credit-impaired, to counter the sudden increase in expected credit loss provisions in relation to the COVID-19 pandemic. Three rows were added to template C 05.01 to isolate the effect of the transitional provision on the recognition of expected credit losses in the CET1, separately for the two components of the ‘original’ transitional provision and the newly added ‘COVID-19 component’. In addition, Article 473a(8) of the CRR explicitly requires institutions to report to competent authorities, among other items, the three capital ratios without application of the transitional provision of Article 473a of the CRR. In the light of the increased complexity of Article 473a of the CRR and the duration of the transitional provision, three rows were added to template C 03.00 to capture those capital ratios.

8. In relation to the NPE backstop, the instructions in Annex 2 to the ITS were revised to include the part of NPEs benefiting from public guarantees granted in the context of the COVID-19 pandemic in accordance with Article 47c(4) of the CRR as amended by Regulation (EU) 2020/873 in rows 0050 and 0100 of template C 35.02.

Credit risk

9. Minor amendments to the instructions of template C 07.00 for column 0010 clarify that where institutions make use of the derogation of Article 473a(7a) of the CRR, they shall report the amount $AB_{SA}$ that is risk weighted at 100% in the exposure class ‘other items’ in that column.
Market risk

10. Minor amendments to the instructions clarify that the values to be reported in template C 24.00 of Annex I to the ITS shall take the effects of Article 500c of the CRR into consideration, i.e. that institutions that benefit from the exclusion of certain overshootings from the calculation of the addend should disregard those excluded overshootings when they report the number of overshootings, the applicable multiplication factors and consequently also the components of the own funds requirements.

Leverage ratio

11. The instructions for row 0280 of template C 47.00 have been updated to indicate that the amounts to be added back to the leverage ratio exposure measure in accordance with Article 473a(7a) of the CRR quick fix should be reported there.

12. In accordance with Article 473a(8) of the CRR quick fix, a new row 0480 has been included in template C 47.00 in order to require institutions that have decided to apply the transitional arrangements set out in Article 473a of the CRR to report the leverage ratio they would have if they were not to apply these transitional arrangements.

13. Article 468(5) of the CRR quick fix requires institutions that have decided to apply the temporary treatment set out in paragraph 1 of the same article to disclose the leverage ratio they would have if they were not to apply that treatment. In order to be able to map reporting to disclosure requirements, a new row 0490 has been added in template C 47.00 to report this ratio.

14. On 3 July, a corrigendum to the fifth Capital Requirements Directive (CRD 5) was published in the OJ. The corrigendum eliminates the possibility of requiring Tier 2 capital under Pillar 2 requirements (P2R) for the leverage ratio. Following this change, rows 0370 and 0450 of template C 47.00 have been deleted, as they are now redundant, and instructions for the old row 0490 have been updated.

COMMISSION IMPLEMENTING REGULATION (EU) …/…

laying down implementing technical standards with regard to supervisory reporting
of institutions in accordance with Regulation (EU) No 575/2013 of the European
Parliament and of the Council, and repealing Commission Implementing Regulation
(EU) No 680/2014

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 575/2013 of the European Parliament and of the
Council of 26 June 2013 on prudential requirements for credit institutions and investment
firms and amending Regulation (EU) No 648/2012,¹ and in particular the first subparagraph
of Article 415(3), the first subparagraph of Article 415(3a), the first subparagraph of
Article 430(7) and the second subparagraph of Article 430(9) thereof,

Whereas:

(1) Without prejudice to the competent authorities’ powers under point (j) of
Article 104(1) of Directive 2013/36/EU of the European Parliament and of the
Council² and with a view to increasing efficiency and reducing the administrative
burden, a coherent reporting framework should be established on the basis of a
harmonised set of standards. Commission Implementing Regulation (EU)
No 680/2014³ specifies, on the basis of Article 430 of Regulation (EU) No 575/2013,
the modalities according to which institutions are required to report information
relevant to their compliance with Regulation (EU) No 575/2013. Commission
Implementing Regulation (EU) No 680/2014 has been amended several times⁴ as

² Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit
institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC
³ Commission Implementing Regulation (EU) No 680/2014 laying down implementing technical standards with regard to

frameworks).
new prudential elements have been introduced into or further developed or amended in Regulation (EU) No 575/2013.

(2) Regulation (EU) 2019/876 of the European Parliament and of the Council5 (CRR2) amended significantly Regulation (EU) No 575/2013 in a number of aspects, such as the leverage ratio, the net stable funding requirement, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, and reporting and disclosure requirements. These developments call for a revision of the reporting framework as set out in Commission Implementing Regulation (EU) No 680/2014. It is therefore necessary to update the set of templates for the collection of information for supervisory reporting purposes accordingly to reflect those rules.

(3) Regulation (EU) 2019/876, amending Regulation (EU) No 575/2013, introduced a Tier 1 capital leverage ratio requirement calibrated at 3%. At the same time and in order to avoid the 3% requirement constraining certain business models, lines of business, and activities and services disproportionately, Regulation (EU) 2019/876 provides for a range of adjustments to the calculation of leverage ratio exposure. Regulation (EU) 2019/876 also implemented a leverage ratio buffer requirement for institutions identified as global systemically important institutions (G-SIIs) in accordance with Directive 2013/36/EU, and also reflecting the international standards of the Basel Committee on Banking Supervision. Therefore, leverage ratio reporting has been updated to reflect the new requirements and adjustments in the exposure calculation to the level of detail necessary for supervisory review.

(4) Regulation (EU) 2019/876, amending Regulation (EU) No 575/2013, introduced new net stable funding ratio (NSFR) reporting requirements, including simplified requirements. In view of the amendments, a new set of reporting templates and instructions has been developed.

(5) Regulation (EU) 2019/876, amending Regulation (EU) No 575/2013, updated the credit risk framework by introducing a new supporting factor to be applied to infrastructure projects’ exposures and by reviewing the approaches to calculating risk-weighted exposure amounts for collective investment undertakings. To reflect these changes and to provide additional information on credit risk in line with the disclosures framework, new templates and instructions have been added and the current instructions have been updated.

(6) Regulation (EU) 2019/876, amending Regulation (EU) No 575/2013, updated the counterparty credit risk framework by replacing the standardised approaches with a more risk-sensitive standardised approach for counterparty credit risk (SA-CCR). A simplified version (the simplified SA-CCR) has also been introduced to be applied by institutions that meet predefined eligibility criteria. The original exposure method remains available for institutions meeting predefined criteria, although it has been revised to address some shortcomings. To reflect these changes and to provide

---

additional information on counterparty credit risk, new templates and instructions have been added and the current instructions have been updated.

(7) Regulation (EU) 2019/876, amending Regulation (EU) No 575/2013, introduced changes in the reporting requirements for large exposures by replacing the references to ‘eligible capital’ in the calculation of large exposures with ‘Tier 1 capital’. Furthermore, another threshold for reporting of large exposures on a consolidated basis has been introduced. The requirement to report the expected run-off of the exposures expressed as the amount maturing within monthly maturity buckets up to 1 year, quarterly maturity buckets up to 3 years and annually thereafter has been repealed. Therefore, large exposures reporting has been updated to take into consideration these changes.

(8) Regulation (EU) 2019/630 of the European Parliament and of the Council, 6 amending Regulation (EU) No 575/2013, introduced a prudential backstop for non-performing exposures (NPEs) imposing a deduction from institutions’ own funds where NPEs are not sufficiently covered by provisions or other adjustments, following a predefined calendar to build up a full coverage over time. This requirement applies to exposures originated on or after 26 April 2019 as well as to exposures originated before 26 April 2019, when the latter are modified after that date in a way that increases their exposure value. The measure of this prudential backstop is based on the definitions of ‘non-performing exposure’ and ‘forbearance’ laid down in Commission Implementing Regulation (EU) No 680/2014. As a consequence, it is necessary to review the reporting definitions of ‘non-performing exposure’ and ‘forbearance’ in order to define those terms with reference to the amended Regulation (EU) No 575/2013 to ensure that single definitions of ‘non-performing exposure’ and ‘forbearance’ for both reporting and prudential backstop purposes exist. New templates are also necessary for the collection of information for the backstop calculation.

(9) Regulation (EU) 2019/2033 of the European Parliament and of the Council, 7 deletes with effect from 26 June 2026 Chapter I of Title I of Part Three, Section 2 (Articles 95 to 98), of Regulation (EU) No 575/2013. For this reason, provisions on reporting for groups that consist only of investment firms subject to Article 95 and 96 of Regulation (EU) No 575/2013 stipulated by this Regulation will cease to apply on 26 June 2026.

(10) To ensure legal certainty and consistency and in line with the principle of better regulation while having regard to the extensive amendments necessary to reflect the new changes in the prudential framework, it is necessary to fully repeal Commission Implementing Regulation (EU) No 680/2014 and replace it with this Regulation.

series of measures taken by European institutions to mitigate the impact of the COVID-19 pandemic on institutions across the Member States. The CRR ‘quick fix’ introduces certain adjustments to the CRR and Regulation (EU) 2019/876 which have an impact on supervisory reporting.

(12) This Regulation is based on the draft implementing technical standards submitted by the European Banking Authority (EBA) to the Commission.

(13) With the exception of the amendments introduced in response to Regulation (EU) 2020/873, the EBA has conducted open public consultations on the draft implementing technical standards on which this Regulation is based, analysed the potential related costs and benefits, and requested the opinion of the Banking Stakeholder Group established in accordance with Article 37 of Regulation (EU) No 1093/2010 of the European Parliament and of the Council\(^8\) in relation to the standards. The EBA decided not to carry out public consultations or a cost-benefit analysis on the amendments introduced in response to Regulation (EU) 2020/873 due to the urgency of the matter and the need to provide the institutions with the maximum possible time to prepare themselves for this additional reporting to competent authorities.

HAS ADOPTED THIS REGULATION:

CHAPTER 1

SUBJECT MATTER AND SCOPE

Article 1

SUBJECT MATTER AND SCOPE

This Regulation lays down uniform reporting formats and templates, instructions on and a methodology for how to use those templates, the frequency and dates of reporting, the definitions and the IT solutions for the reporting of institutions to their competent authorities pursuant to paragraphs 3 and 3a of Article 415 of Regulation (EU) No 575/2013, paragraphs 1 to 4 of Article 430 of Regulation (EU) No 575/2013, and paragraphs 7 and 9 of Article 430 of Regulation (EU) No 575/2013.

CHAPTER 2

REPORTING REFERENCE AND REMITTANCE DATES AND REPORTING THRESHOLDS

Article 2

REPORTING REFERENCE DATES

1. Institutions shall submit information to competent authorities as this information stands on the following reporting reference dates:
   (a) monthly reporting – on the last day of each month;
   (b) quarterly reporting – 31 March, 30 June, 30 September and 31 December;
   (c) semi-annual reporting – 30 June and 31 December;
   (d) annual reporting – 31 December.

2. Information submitted pursuant to the templates set out in Annex III and Annex IV, in accordance with the instructions in Annex V and referring to a certain period, shall be reported cumulatively from the first day of the accounting year to the reference date.

3. Where institutions are permitted by national laws to report their financial information based on their accounting year-end, which deviates from the calendar year, reporting reference dates may be adjusted accordingly, so that reporting of financial information and of information for the purposes of identifying G-SII and assigning G-SII buffer rates is done every 3, 6 or 12 months from their accounting year-end, respectively.

Article 3

REPORTING REMITTANCE DATES

1. Institutions shall submit information to competent authorities by close of business on the following remittance dates:
   (a) monthly reporting – 15th calendar day after the reporting reference date;
   (b) quarterly reporting – 12 May, 11 August, 11 November and 11 February;
   (c) semi-annual reporting – 11 August and 11 February;
   (d) annual reporting – 11 February.

2. If the remittance day is a public holiday in the Member State of the competent authority to which the report is to be provided, or a Saturday or a Sunday, data shall be submitted on the following working day.

3. Where institutions report their financial information or the information for the purposes of identifying G-SII and assigning G-SII buffer rates using adjusted reporting reference dates based on their accounting year-end as set out in paragraph 3 of Article 2,
the remittance dates may also be adjusted accordingly so that the same remittance period from the adjusted reporting reference date is maintained.

4. Institutions may submit unaudited figures. Where audited figures deviate from submitted unaudited figures, the revised, audited figures shall be submitted without undue delay. Unaudited figures are figures that have not received an external auditor’s opinion whereas audited figures are figures audited by an external auditor expressing an audit opinion.

5. Other corrections to the submitted reports shall also be submitted to the competent authorities without undue delay.

Article 4

REPORTING THRESHOLDS — ENTRY AND EXIT CRITERIA

1. Institutions that meet or cease to meet the conditions set out in Article 4(1) point (145) or (146) of Regulation (EU) No 575/2013 shall commence or cease, respectively, reporting information as small and non-complex or as large institutions, on the first reporting reference date after these conditions have been met or have ceased to be met.

2. Institutions shall commence reporting information subject to the thresholds set out in this Regulation on the next reporting reference date after these thresholds have been exceeded on two consecutive reporting reference dates. Institutions may stop reporting information subject to the thresholds set out in this Regulation on the next reporting reference date provided that they have fallen below the relevant thresholds on three consecutive reporting reference dates.

CHAPTER 3

FORMAT AND FREQUENCY OF REPORTING ON OWN FUNDS, OWN FUNDS REQUIREMENTS

Article 5

INDIVIDUAL BASIS – QUARTERLY REPORTING

1. In order to report information on own funds and on own funds requirements in accordance with point (a) of Article 43(1) of Regulation (EU) No 575/2013 on an individual basis, institutions shall submit information as set out in the following paragraphs with a quarterly frequency. Institutions shall submit information in accordance with paragraphs 2 to 15 of this Article.
2. Information relating to own funds and own funds requirements shall be submitted as specified in templates 1 to 5 of Annex I, in accordance with the instructions in point 1 of Part II of Annex II.

3. Information on credit risk and counterparty credit risk exposures treated under the standardised approach shall be submitted as specified in template 7 of Annex I, in accordance with the instructions in point 3.2 of Part II of Annex II.

4. Information on credit risk and counterparty credit risk exposures treated under the internal ratings-based approach shall be submitted as specified in templates 8.1 and 8.2 of Annex I, in accordance with the instructions in point 3.3 of Part II of Annex II.

5. Information on the geographical distribution of exposures by country, as well as aggregated at a total level, shall be submitted as specified in template 9 of Annex I, in accordance with the instructions in point 3.4 of Part II of Annex II. Information specified in templates 9.1 and 9.2, and in particular information on the geographical distribution of exposures by country, shall be submitted where non-domestic original exposures in all non-domestic countries in all exposure classes, as reported in row 0850 of template 4 of Annex I, are equal to or higher than 10% of total domestic and non-domestic original exposures as reported in row 0860 of template 4 of Annex I. Exposures shall be deemed to be domestic where they are exposures to counterparties located in the Member State where the institution is established. The entry and exit criteria of Article 4 shall apply.

6. Information on counterparty credit risk shall be submitted as specified in templates 34.01 to 34.05 and 34.08 to 34.10 of Annex I, in accordance with the instructions in point 3.9 of Part II of Annex II.

7. Information in template 34.06 of Annex I on counterparty credit risk shall be submitted by institutions applying the standardised approach or the internal model method for the calculation of counterparty credit risk exposures following Sections 3 and 6 of Chapter 6 of Title II of Part Three of Regulation (EU) No 575/2013. The information shall be submitted in accordance with the instructions in point 3.9.7 of Part II of Annex II.

8. Information on equity exposures treated under the internal ratings-based approach shall be submitted as specified in template 10 of Annex I, in accordance with the instructions in point 3.5 of Part II of Annex II.

9. Information on settlement risk shall be submitted as specified in template 11 of Annex I, in accordance with the instructions in point 3.6 of Part II of Annex II.

10. Information on securitisation exposures shall be submitted as specified in template 13.01 of Annex I, in accordance with the instructions in point 3.7 of Part II of Annex II.

11. Information on own funds requirements and losses relating to operational risk shall be submitted as specified in template 16 of Annex I, in accordance with the instructions in point 4.1 of Part II of Annex II.

12. Information on own funds requirements relating to market risk shall be submitted as specified in templates 18 to 24 of Annex I, in accordance with the instructions in points 5.1 to 5.7 of Part II of Annex II.

13. Information on own funds requirements relating to credit valuation adjustment risk shall be submitted as specified in template 25 of Annex I, in accordance with the instructions in point 5.8 of Part II of Annex II.

14. Information on prudent valuation shall be submitted as specified in template 32 of
Annex I in accordance with the instructions in point 6 of Part II, of Annex II as follows:

(a) all institutions shall submit the information specified in template 32.1 of Annex I in accordance with the instructions in point 6 of Part II of Annex II;

(b) institutions that apply the core approach pursuant to Commission Delegated Regulation (EU) 2016/101 \(^9\) shall also report the information specified in template 32.2 of Annex I in accordance with the instructions in point 6 of Part II of Annex II;

(c) institutions that apply the core approach pursuant to Commission Delegated Regulation (EU) 2016/101 and which exceed the threshold referred to in Article 4(1) of that Regulation shall also report the information specified in templates 32.3 and 32.4 of Annex I in accordance with the instructions in point 6 of Part II of Annex II.

The entry and exit criteria of Article 4 shall not apply.

15. Information on the prudential backstop for NPEs shall be submitted as specified in templates 35.01 to 35.03 of Annex I, in accordance with the instructions in point 8 of Part II of Annex II.

**Article 6**

**INDIVIDUAL BASIS – SEMI-ANNUAL REPORTING**

1. In order to report information on own funds and on own funds requirements in accordance with point (a) of Article 430(1) of Regulation (EU) No 575/2013 on an individual basis, institutions shall submit information as set out in the following paragraphs with a semi-annual frequency.

Institutions shall submit information in accordance with paragraphs 2 and 3, point (a) of paragraph 4, and paragraph 5.

Large institutions shall also submit information in accordance with points (b) to (f) of paragraph 4.

2. Information on all securitisation exposures shall be reported as specified in templates 14 and 14.01 of Annex I, in accordance with the instructions in point 3.8 of Part II of Annex II.

Institutions shall be exempted from submitting those securitisation details where they are part of a group in the same country in which they are subject to own funds requirements.

3. Information on sovereign exposures shall be submitted in the following manner:

(a) Institutions shall submit the information specified in template 33 in accordance with the instructions in Part II point 7 of Annex II where the aggregate carrying amount of financial assets from the counterparty sector ‘General governments’ is equal to or higher than 1% of the sum of total carrying amount for ‘Debt securities’ and ‘Loans and advances’. To calculate the relevant values, institutions shall follow the

instructions in Annex III or Annex IV, as applicable for template 4;

(b) Institutions that meet the criterion referred to in point (a) and where the value reported for domestic exposures of non-derivative financial assets as defined in row 0010, column 0010 of template 33 is less than 90% of the value reported for domestic and non-domestic exposures for the same data point shall submit the information specified in template 33, in accordance with the instructions in point 7 of Part II of Annex II but with a full country breakdown;

(c) Institutions that meet the criterion referred to in point (a) but do not meet the criterion referred in point (b) shall submit the information specified in template 33, in accordance with the instructions in point 7 of Part II of Annex II but with exposures aggregated at (i) a total level and (ii) a domestic level.

The entry and exit criteria of Article 4(2) shall apply.

4. Information on material losses regarding operational risk shall be reported in the following manner:

(a) institutions that calculate own funds requirements relating to operational risk in accordance with Chapter 4 of Title III of Part Three of Regulation (EU) No 575/2013 shall report this information as specified in template 17.01 and 17.02 of Annex I, in accordance with the instructions in point 4.2 of Part II of Annex II;

(b) large institutions that calculate own funds requirements relating to operational risk in accordance with Chapter 3 of Title III of Part Three of Regulation (EU) No 575/2013 shall report this information as specified in templates 17.01 and 17.02 of Annex I, in accordance with the instructions in point 4.2 of Part II of Annex II;

(c) institutions other than large institutions that calculate own funds requirements relating to operational risk in accordance with Chapter 3 of Title III of Part Three of Regulation (EU) No 575/2013 shall report the information specified in points (i) and (ii) in accordance with the instructions in point 4.2 of Part II of Annex II:

i. The information specified for column 0080 of template 17.01 of Annex I for the following rows:
   1. number of events (new events) (row 0910);
   2. gross loss amount (new events) (row 0920);
   3. number of events subject to loss adjustments (row 0930);
   4. loss adjustments relating to previous reporting periods (row 0940);
   5. maximum single loss (row 0950);
   6. sum of the five largest losses (row 0960);
   7. total direct loss recovery (except insurance and other risk transfer mechanisms) (row 0970);
   8. total recoveries from insurance and other risk transfer mechanisms (row 0980);

ii. The information specified in template 17.02 of Annex I.

(d) the institutions referred to in point (c) may report the complete set of information specified in templates 17.01 and 17.02 of Annex I, in accordance with the instructions in point 4.2 of Part II of Annex II;
(e) Large institutions that calculate own funds requirements relating to operational risk in accordance with Chapter 2 of Title III of Part Three of Regulation (EU) No 575/2013 shall report the information specified in templates 17.01 and 17.02 of Annex I, in accordance with the instructions in point 4.2 of Part II of Annex II;

(f) Institutions other than large institutions that calculate own funds requirements relating to operational risk in accordance with Chapter 2 of Title III of Part Three of Regulation (EU) No 575/2013 may report the information referred to in templates 17.01 and 17.02 of Annex I, in accordance with the instructions in point 4.2 of Part II of Annex II;

The entry and exit criteria of Article 4(2) shall apply.

5.
