

	C410	C420	C430	C440	C450	C470	C480
A	110	100				10	
B	230	200					30
TOTAL	340	300				10	30

$$\{c410\} = \{c420\} + \{c430\} + \{c440\} + \{c450\} + \max(\{c470\}, \{c480\})$$

$\Leftrightarrow 340 = 300 + 0 + 0 + 0 + \max\{10;30\}$ that is not verified in this example
