| **r050 c010** | Metric | Value used for market risk, gross [mi] |

r050 c010

Base	Exposures
Main category	Instruments subject to market risk
Approach	Standardised approaches for commodities risk
Type of risk	Commodities risk
Main Category underlying	Other than precious metals, base metals, agricultural products (softs)
Positions in the instrument	Long position
Prudential portfolio	Banking and trading book

r050 c020

Metric	Value used for market risk, gross [mi]
Base	Exposures
Main category	Instruments subject to market risk
Approach	Standardised approaches for commodities risk
Type of risk	Commodities risk
Main Category underlying	Other than precious metals, base metals, agricultural products (softs)
Positions in the instrument	Short position
Prudential portfolio	Banking and trading book

r050 c030

Metric	Value used for market risk, net [mi]
Base	Exposures
Main category	Instruments subject to market risk
Approach	Standardised approaches for commodities risk
Type of risk	Commodities risk
Main Category underlying	Other than precious metals, base metals, agricultural products (softs)
Positions in the instrument	Long position
Prudential portfolio	Banking and trading book

r050 c040

Metric	Value used for market risk, net [mi]
Base	Exposures
Main category	Instruments subject to market risk
Approach	Standardised approaches for commodities risk
Type of risk	Commodities risk
Main Category underlying	Other than precious metals, base metals, agricultural products (softs)
Positions in the instrument	Short position
Prudential portfolio	Banking and trading book

r050 c050

Metric	Value used for market risk, subject to capital charge [mi]
Base	Exposures
Main category	Instruments subject to market risk
Approach	Standardised approaches for commodities risk
Type of risk	Commodities risk
Main Category underlying	Other than precious metals, base metals, agricultural products (softs)
Positions in the instrument	Not applicable/All positions
Prudential portfolio	Banking and trading book

r050 c060

Metric	Own funds requirements [mi]
Base	Exposures
Main category	Instruments subject to market risk
Approach	Standardised approaches for commodities risk

r050 c060	Type of risk	Commodities risk
	Main Category underlying	Other than precious metals, base metals, agricultural products (softs)
	Prudential portfolio	Banking and trading book

	Main category	Debt securities issued. Other than covered bonds and Art 52 (4) Directive 2009/65/EC
	Residual maturity	<= 3 months

s010 r290 c020	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Debt securities issued. Other than covered bonds and Art 52 (4) Directive 2009/65/EC
	Residual maturity	> 3 months <= 6 months

s010 r290 c030	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Debt securities issued. Other than covered bonds and Art 52 (4) Directive 2009/65/EC
	Residual maturity	> 6 months <= 9 months

s010 r290 c040	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Debt securities issued. Other than covered bonds and Art 52 (4) Directive 2009/65/EC
	Residual maturity	> 9 months <= 12 months

s010 r290 c050	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Debt securities issued. Other than covered bonds and Art 52 (4) Directive 2009/65/EC
	Residual maturity	> 12 months

s010 r300 c010	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Liabilities other than derivatives, deposits and debt securities issued
	Residual maturity	<= 3 months
	Specific liquidity requirements	Derivatives payables

s010 r300 c020	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Liabilities other than derivatives, deposits and debt securities issued
	Residual maturity	> 3 months <= 6 months
	Specific liquidity requirements	Derivatives payables

s010 r300 c030	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Liabilities other than derivatives, deposits and debt securities issued
	Residual maturity	> 6 months <= 9 months
	Specific liquidity requirements	Derivatives payables

s010 r300 c040	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Liabilities other than derivatives, deposits and debt securities issued
	Residual maturity	> 9 months <= 12 months
	Specific liquidity requirements	Derivatives payables

s010 r300 c050	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Liabilities other than derivatives, deposits and debt securities issued
	Residual maturity	> 12 months
	Specific liquidity requirements	Derivatives payables
s010 r310 c010	Metric	Carrying amount [mi]
	Base	Stable funding
	Residual maturity	<= 3 months
s010 r310 c020	Metric	Carrying amount [mi]
	Base	Stable funding
	Residual maturity	> 3 months <= 6 months
s010 r310 c030	Metric	Carrying amount [mi]
	Base	Stable funding
	Residual maturity	> 6 months <= 9 months
s010 r310 c040	Metric	Carrying amount [mi]
	Base	Stable funding
	Residual maturity	> 9 months <= 12 months
s010 r310 c050	Metric	Carrying amount [mi]
	Base	Stable funding
	Residual maturity	> 12 months

C 61.00.b - Net stable funding ratio. Items providing stable funding

s020 r010 c010	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	All liabilities
	Currency of the exposure	<Key value>
	Residual maturity	<= 3 months
s020 r010 c020	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	All liabilities
	Currency of the exposure	<Key value>
	Residual maturity	> 3 months <= 6 months
s020 r010 c030	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	All liabilities
	Currency of the exposure	<Key value>
	Residual maturity	> 6 months <= 9 months
s020 r010 c040	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	All liabilities
	Currency of the exposure	<Key value>
	Residual maturity	> 9 months <= 12 months

s020 r010 c050	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	All liabilities
	Currency of the exposure	<Key value>
	Residual maturity	> 12 months

s020 r030 c050	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	CET1 Capital Items
	Currency of the exposure	<Key value>
	Residual maturity	> 12 months

s020 r040 c050	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	T1 Capital items
	Currency of the exposure	<Key value>
	Residual maturity	> 12 months

s020 r050 c050	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	T2 Capital Items
	Currency of the exposure	<Key value>
	Residual maturity	> 12 months

s020 r070 c010	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Deposits
	Counterparty sector	Retail
	Currency of the exposure	<Key value>
	Residual maturity	<= 3 months

s020 r070 c020	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Deposits
	Counterparty sector	Retail
	Currency of the exposure	<Key value>
	Residual maturity	> 3 months <= 6 months

s020 r070 c030	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Deposits
	Counterparty sector	Retail
	Currency of the exposure	<Key value>
	Residual maturity	> 6 months <= 9 months

s020 r070 c040	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Deposits
	Counterparty sector	Retail
	Currency of the exposure	<Key value>

s020 r070 c040	Residual maturity	> 9 months <= 12 months

s020 r070 c050	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Deposits
	Counterparty sector	Retail
	Currency of the exposure	<Key value>
	Residual maturity	> 12 months

s020 r080 c010	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Deposits
	Counterparty sector	Retail
	Currency of the exposure	<Key value>
	General liquidity requirements	As defined in Article 409(1)
	Residual maturity	<= 3 months

s020 r080 c020	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Deposits
	Counterparty sector	Retail
	Currency of the exposure	<Key value>
	General liquidity requirements	As defined in Article 409(1)
	Residual maturity	> 3 months <= 6 months

s020 r080 c030	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Deposits
	Counterparty sector	Retail
	Currency of the exposure	<Key value>
	General liquidity requirements	As defined in Article 409(1)
	Residual maturity	> 6 months <= 9 months

s020 r080 c040	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Deposits
	Counterparty sector	Retail
	Currency of the exposure	<Key value>
	General liquidity requirements	As defined in Article 409(1)
	Residual maturity	> 9 months <= 12 months

s020 r080 c050	Metric	Carrying amount [mi]
	Base	Stable funding
	Main category	Deposits
	Counterparty sector	Retail
	Currency of the exposure	<Key value>
	General liquidity requirements	As defined in Article 409(1)
	Residual maturity	> 12 months

	Event Type	Business disruption and system failures	

r920 c070	Metric	Total loss due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Execution, delivery & process management
r920 c080	Metric	Total loss due to operational risk (flow) [md]
	Main category	Operational losses
r930 c010	Metric	Maximum single loss due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Internal fraud
r930 c020	Metric	Maximum single loss due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	External fraud
r930 c030	Metric	Maximum single loss due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Employment practices and workplace safety
r930 c040	Metric	Maximum single loss due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Clients, products & business practices
r930 c050	Metric	Maximum single loss due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Damage to physical assets
r930 c060	Metric	Maximum single loss due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Business disruption and system failures
r930 c070	Metric	Maximum single loss due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Execution, delivery & process management
r930 c080	Metric	Maximum single loss due to operational risk (flow) [md]
	Main category	Operational losses
r940 c010	Metric	Sum of the five largest losses due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Internal fraud
r940 c020	Metric	Sum of the five largest losses due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	External fraud
r940 c030	Metric	Sum of the five largest losses due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Employment practices and workplace safety
r940 c040	Metric	Sum of the five largest losses due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Clients, products & business practices
r940 c050	Metric	Sum of the five largest losses due to operational risk (flow) [md]

r940 c050	Main category	Operational losses
	Event Type	Damage to physical assets
r940 c060	Metric	Sum of the five largest losses due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Business disruption and system failures
r940 c070	Metric	Sum of the five largest losses due to operational risk (flow) [md]
	Main category	Operational losses
	Event Type	Execution, delivery & process management
r940 c080	Metric	Sum of the five largest losses due to operational risk (flow) [md]
	Main category	Operational losses

C 17.00.b - Operational risks: Thresholds applied in data collections

r020 c090	Metric	Threshold applied in data collection - lowest [mi]
	Main category	Operational losses
	Business line	Corporate finance
r020 c100	Metric	Threshold applied in data collection - highest [mi]
