

All staff of Competent or Resolution Authorities and other public bodies are invited to join the EBA's online learning platform – the [EBA Learning Hub](#) - where we host self-paced e-learning courses, recorded webinars and collection of useful training materials.

If you don't have an account:

Go to the <http://learninghub.eba.europa.eu/self-signup/>. Please use your corporate email address and the code: **NCA2025**. You will receive an email with all the details. Please also check your spam folder! Note that you'll be prompted to set your password upon the first log in.

If you already have an account:

Go to [EBA learning hub](#), log on with your corporate email address, which will be your username.

If you are unsure whether you already have an account or you can't remember your password, use the "I've forgotten my username/password" function.

Important: please do not use Internet Explorer as this browser is no longer supported. Should you have problems setting the password, please clear your browser cache and try again in an incognito window.

What should you do next?

- We recommend that you follow the [an introductory e-learning module](#) upon your first logging in. It will only take 5 - 10 minutes and provide useful advice for new users.
- You should also watch this 2 minute [video](#) detailing the first steps on the newly revamped EBA Learning Hub.

If you have questions, please let us via know via EBA-LearningHub@eba.europa.eu – we will happily try to assist you!

EBA COURSE OFFER - APRIL 2025

AML/CFT Colleges

Learn the essentials of setting up and participating in AML/CFT colleges with our comprehensive training, designed for EU supervisory staff. Enhance your skills in early intervention and effective supervision through practical examples and expert discussions.

Target audience
Supervisory Authorities

LOSS ABSORPTION CAPACITY - MREL & TLAC

This course helps staff of resolution authorities in setting and enforcing MREL and resolution planning. Participants will understand loss absorption, recapitalization, and apply methodologies for MREL requirements. The content is updated for the new banking package (CRR2/BRRD2). The course takes 8 hours to complete. Participants should know high-level supervisory concepts (e.g., RWA, LRE, pillar 1/2, SREP) and reasons for bank failures (e.g., insolvency, asset impairment, illiquidity). By the end of the course, participants will understand loss absorption and recapitalization principles and apply the EU regulatory framework.

SUPERVISORY REPORTING - FINREP & COREP - 2024 Update

The Supervisory Reporting course for credit institutions covers the CRD/CRR framework requirements defined by the EBA. It provides an overview of COREP (solvency reporting) and FINREP (financial reporting) modules, helping participants understand data sources for supervisory questions, compare bank indicators, and calculate risk indicators. The course includes updated e-learning modules reflecting v4.0 changes effective from Q1 2025 and instructor-led sessions. The 2024 update incorporates amendments from CRR3/CRD6, focusing on COREP changes for the output floor, operational risk framework, and crypto asset exposures, excluding Market Risk updates. The course aims to familiarize participants with the latest supervisory reporting requirements in the EU.
