1. Executive Summary

The EBA has assessed confidentiality regimes of third countries with respect to Article 116 (6) CRD. The results were published in a first set of Recommendations in 2015, which were amended in December 2017 and June 2018, to include other third-country authorities that were assessed as equivalent. As the assessment is an ongoing process, and the EBA has since then completed the assessment of a further set of authorities, the outcomes of these new assessments are reflected in the present amending Recommendations.

Next steps

The Recommendations will be translated into the official EU languages and published on the EBA website. The deadline for competent authorities to report whether they comply with the recommendations will be two months after the publication of the translations. The recommendations will apply from *[Publication date +1]*.

2. Background and rationale

Article 116(6) of the Capital Requirements Directive provides the following:

'The competent authorities responsible for the supervision of subsidiaries of an EU parent institution or an EU parent financial holding company or EU parent mixed financial holding company and the competent authorities of a host Member State where significant branches as referred to in Article 51 are established, ESCB central banks as appropriate, and third countries' supervisory authorities where appropriate and subject to confidentiality requirements that are equivalent, in the opinion of all competent authorities, to the requirements under Chapter 1, Section II of this Directive and where applicable, Articles 54 and 58 of Directive 2004/39/EC, may participate in colleges of supervisors.'

The EBA shall, under Article 21 of the EBA Regulation, promote the efficient, effective and consistent functioning of the colleges of supervisors and foster consistent application of European Union law within the colleges of supervisors. For that purpose, and in accordance with paragraph 3 of Article 21 of the EBA Regulation, the EBA may exercise its powers, in particular to issue guidelines and recommendations in accordance with Article 16 of the EBA Regulation and to promote convergence in supervisory functioning and best practices adopted by the colleges of supervisors. Furthermore, the EBA shall provide assistance, in accordance with Article 33 of the EBA Regulation, on equivalence issues.

With the authorities included in these amending Recommendations, the EBA has proceeded to perform its assessment to evaluate the professional secrecy and confidentiality regimes applicable to third-country supervisory authorities. These assessments will also be continued in the future.

These Amending Recommendations are issued on the basis of Article 16 of the EBA Regulation and are aimed at informing the opinion of the competent authorities, as referred to in Article 116(6) of the Capital Requirements Directive. The EBA expects to receive confirmation of the competent authorities' compliance or of their intention to comply irrespective of whether an actual case of college participation exists.

5.1 Mnenje interesne skupine za bančništvo

Eden od članov interesne skupine za bančništvo je podal podrobne povratne informacije o najnovejših spremembah v Moldaviji, pri čemer je navedel, da je Nacionalna banka Moldavije v zadnjih treh letih vložila veliko truda v reformo svojega bančnega sektorja v zvezi z regulativnim in nadzornim okvirom. Moldavija namreč prehaja od uporabe okvira Basel I k uvedbi okvira Basel III, pri čemer je 1. januarja 2018 začel veljati novi zakon o bančnih dejavnostih, ki v širokem obsegu odraža direktivo Evropske unije o kapitalskih zahtevah 2013/36 (EU).

Bančni sektor se zelo spreminja; polovica ga je zdaj pod nadzorom velikih čezmejnih bančnih skupin EU. Finančni položaj bank se je v zadnjem času izboljšal (banke so kapitalsko močne, imajo čezmerno likvidnost, so donosne, slaba posojila se priznavajo v njihovih bilancah stanja). Nacionalna banka Moldavije si trenutno prizadeva na okrepitev notranjega upravljanja bank in obvladovanja njihovih tveganj.
